

Trying to travel light, but your shampoo and moisturiser bottles are taking over your bag. These Reusable Refillable Travel Pouches are such a simple little win for carrying your everyday liquids without the bulk. They're lightweight, compact, and easy to squeeze, making them perfect for popping into your handbag, toiletry bag, gym bag, or suitcase.

Fill them with your favourites like shampoo, conditioner, body wash, moisturiser, sunscreen, hair gel, or cleanser, then flip the lid open and dispense what you need. They're also a great option if you find hard plastic bottles annoying to grip or too stiff to squeeze, because these pouches are flexible and much easier to manage.

Reusable, refillable, and easy to use.

Great for:

- Travel and holidays
- Camping and weekends away
- Gym bags and swim bags
- Handbags and on-the-go essentials
- Shampoo, conditioner, body wash, and moisturiser
- Face cleanser, hand wash, and skincare
- Sunscreen and after-sun
- People who prefer lighter, easier-to-hold containers
- Reduced grip strength or sore hands (easier squeeze design)
- Cutting down on single-use travel bottles

Features:

- Leak-resistant screw cap design
- Flexible pouch that's easy to squeeze
- Lightweight and compact
- Reusable and refillable
- Saves space compared to bulky bottles
- Easy to refill (a small funnel can help)
- Suitable for liquids, gels, and creams

Image Description: Hand-held, travel-sized transparent refillable pouches with a screw cap and flip-top lid for dispensing liquids. The pouches are flexible and lightweight, designed for carrying products like shampoo, conditioner, or body wash while travelling. Some images show the pouches being filled, held in the hand, and packed into bags.

Details:

Material: Plastic

Size: Please visit <https://kyleeandco.nz/pages/travel-pouches-sizing-chart> for sizing or click here...

Weight: 25 grams

Package Contains: 1x Refillable Travel Dispenser Pouch

Age Guidance: Suitable for teens and adults. Children should use with adult supervision. Not a toy. Keep caps and filled product containers away from small children.

How to Use:

1. Unscrew the cap
2. Fill with your chosen product (a small funnel can make it easier)
3. Screw the cap back on tightly
4. Flip or screw (dependant on pouch type) the lid open and squeeze to dispense
5. Pop it into your travel bag, gym bag, or toiletry kit

Care and Cleaning Instructions:

1. Rinse with warm soapy water between refills
2. Allow to fully dry before storing or refilling
3. Air dry with the opening facing down if possible
4. Do not use with boiling liquids
5. Store upright when possible to reduce mess
